Dear Ms. Westerfeld,

Thank you for your note and for responding to my call today requesting clarification.

Since you have prepared a non-CBI version of the new information, it would be helpful to send it to the standard e-mail addresses: oppt.ncic@epa.gov and chem.rtk@epa.gov. Once processing is completed we will do a preliminary check of the package and post it on the RTK Web site as soon as possible.

Sincerely,

Ralph C. Northrop, Ph.D.

Dear Mr. Northrop,

I am writing to you to ask if you received our response to your recent inquiries concerning our HPV Chemicals. A package was sent to your attention and received by the Document Control Officer at EPA on October 31st since there was confidential business information. I am following up with you since I do not see any new postings to the EPA HPV website, however, I realize that this procedure may take some time.

Please confirm that you have the information you requested.

Kind regards,
sheila
